

Application for No-cost Home Improvement Assistance

From

SOVA BUILDING AND RESTORATION

Overview

Each month for the remainder of 2016 and all of 2017, SoVa Building and Restoration will select one local homeowner to receive no-cost home improvement services from our team of professionals. The total value for labor and material for the services provided will be up to \$2,500.00. There are just a few guidelines to consider:

- 1- The home must be owned. Renters should contact their landlords for repairs
- 2- There must be a functional need for the repair. We want to help residents improve the quality of their home in order to improve quality of life. While we love beautiful homes, this program doesn't include homes repairs for cosmetic purposes.
- 3- Homeowners must have a stated need for the no-cost repairs. Maybe it is an illness, a disability, or a limited income. Maybe there is another reason that we haven't listed. Regardless of the reason provided, we want to help those in our community with needs that they can't handle without support.
- 4- Because we are a for-profit company and this is a free service to our community...we select the date of service.

And finally,

- 5- Homeowners must have a Jarratt, VA address! We hope to expand our program to other areas, but for now we have decided to focus on the residents of Jarratt.

If you need assistance we will certainly consider your request. Please take a few minutes and complete the application that follows and submit the application to SoVa Building and Restoration at the address provided.

Name of Homeowner: _____

Phone Number: _____

Email Address: _____

Property Address: _____

In order to make sound decisions when selecting homeowners for this program, we need information about the nature of the work and we need to understand why the homeowner should be eligible for no-cost services provided once per month by our company. Please note that all information provided will remain confidential.

Please describe the home repair desired:

Please provide a brief description of why you are requesting no-cost service from SoVa Building and Restoration:
